The copy filmed here has been reproduced thanks to the generosity of:

Izaak Walton Killam Memorial Library
Dalhousie University

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▼ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Izaak Walton Killam Memorial Library
Dalhousie University

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▼ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

TWO Tars, who knew and cherished the noble principles of Friendship, chanced to be on board the Sandwich gun-ship, at the relief of Gibraltar, under the command of Lord Howe; one of them being killed, was carried on shore to be buried; his constant friend attended him to this last stage of human action: when the body was laid in the grave, the survivor, struggling with all those manly feelings that ornament the soul of a brave and honest man, articulated this short and fervent prayer in the presence of sundry Noblemen and other officers of the Garrison; "O Lord God Almighty! here lies as good a Sailor as ever slept on shipboard; give him, O God! a birth in the Main Top in Heaven, a smooth Sea, and full Allowance; for Jesus' sake."

The Names and Characters of the Twelve Signs.

Odd RESEMBLANCE of two BROTHERS.

TWO brothers, who lived together, resembled each other extremely, and bore the same name. A man desired to speak to one of them. Which do you ask for said the porter. Then him that squints a little, said the man. They both squint, answered the porter. Him that hath a handsome wife. Both their wives are handsome, returned the porter. Well then, he who is a cuckold, said the man. By my faith, sir, answered the porter, I take them both to be cuckold. Well, said the man, these two brothers are strangely fared so to resemble one another.

FRUITS of MATRIMONY.

A Poor woman, whose name is Nicholds, the wife of a shoemaker in Westminster, was lately delivered of two children. It is remarkable that she, about twelve months ago, was delivered of three children.
